Dear Parent

The Connect Service is a support service for families in West Sussex who have been affected by domestic abuse, offering ongoing support through a variety of interventions. Connect staff provide tailored support to adults, children and young people of all age ranges, providing a safe and supported space to speak about their experiences and feelings.

We'd like to provide you with a toolkit that has information in that will enable you to have further support and resources. We have included ideas for activities which you can choose to share and complete with your child(ren).

We understand that you have been experiencing a challenging time at home. We hope this toolkit will provide some guidance to help you improve communication at home and manage difficult emotions within the family. You do not need to go through this alone. There is a variety of practical and emotional support and information available that we have listed within this pack, along with a recommended reading list.

Best wishes

25 WAYS TO ENCOURAGE

Thank you for helping with...

It makes mornings/dinner/outings easier when you.... thank you.

I really appreciate it when you...

Thank you for doing that... it means I/we can now...

We did it together!

Wow! You made a building/drawing/etc.

You did it on your own!

You did x and then y and worked it out.

You used lots of red paint/blocks/tape/etc.

You made it really big/small/colorful/complicated/etc.

That took you a long time, and you did it!

How did you do that?

You did x, what will you do now?

Can you tell me about it?

What is your favorite part?

How did you think of that?

I really enjoy doing this with you.

I love watching you create/help your sister/play soccer/ etc.

I'm so proud to be your mum, every day, no matter what.

Look how happy your friend is when you share/help/smile/etc.

You kept going, even when it was hard.

You look so pleased to have done that!

You made x feel so pleased when you did that.

It makes you feel good when you do x.

Say nothing - just smile.

DreamCatchers

Dream catchers are helpful to make for those children that may be having nightmares or difficulty sleeping. Any child might enjoy making them though and would give an activity to do whilst talking about difficult issues. They do take a certain amount of concentration so don't start too big. If funds are an issue the cardboard inside of a sellotape roll or paper plates are a good size.

Calm down bottles

Useful as a self-regulation/grounding tool for young children. Shaking the bottle gives them something to hold and physically focus upon, giving an anchor and relieving tension. Observing and concentrating on what is happening inside the bottle is mindful and will help to calm their nervous system.

How to make

- 1-In the empty bottle place 2/3 water and 1/3 oil (either vegetable or baby oil). Leave enough room at the top of the bottle to add in your glitter, beads, plastic jewels etc.
- 2-Add your glitter and one or two drops of food colouring.
- 3-Seal the lid with glue or duct tape. Making sure this won't come off or be taken off. (Super glue is ideal).

Family Sessions

- Applying lotion to each other's hands
- Mum tells child something of when they were born
- Make play doh together

Make hand or foot prints together with paint

- Bean bag game, place a bean bag on your head and walk the length of the room balancing it while mum tries to make you laugh with funny faces to get you to drop the beanbag
- Pop the bubble, popping bubbles with certain body parts e.g. elbows, finger, nose, head
- Hold a balloon or pillow between you and work out a way of communicating which way you will both move without talking such as head back for walking together that way or head forward, wink twice for 2 steps etc.
- Draw around each other hands, feet, – verbal contact at all times telling them what you are doing and the child telling mum how it feels e.g. tickly, soft, nice, horrible!
- Toilet paper bust out – wrap in toilet paper and let them burst out
- Vaseline on nose and see how many cotton balls you can stick to it by dipping it into a bowl of cotton balls
