Information shared at the meeting

Information sharing should be relevant and proportionate. The minutes should make a clear distinction between fact and professional opinion.

Referring agency	Police
Reason for referral	Professional judgement of attending officer. Neighbours called police 29/3/12 and reported threats of violence to Kim and unborn. 3 previous incidents in the last 4 months. Police believe Kim is scared however she refused to make statement or complete Dash James was under the influence of alcohol when they attended incident on 29/3/12. James has been bailed with conditions pending investigation. James has previous conviction for ABH on previous partner.

Ending domestic abuse

15 weeks pregnant.
Threats to unborn baby (disclosed by neighbour).

Agency name	Information shared
Idva	Idva reports Kim is isolated from friends and family. High levels of control and stalking, James comes home from work sporadically to check she is home. Kim left 8 months ago but returned after 2 weeks. Kim is frightened of further violence. James recently prescribed anti-depressants. Victims reports James drinks excessively, to help him sleep. James is a taxi driver licensed by the council. James has threatened Kim with a knife. James threatened to take Emily away from Kim.
A&E	Presented on 29/3/12, injuries included bruising to the arm and a broken finger. 2 Previous attendances this year with minor injuries has never disclosed DA. Victim is always accompanied by husband in the hospital, who appears very caring.
Housing	Tenancy in Kim's sole name for last 5 years with Hound Housing Association. 2 internal doors recently reported as damaged.
Mental health	James - suicidal (4 years ago) after the death of his brother he briefly engaged but not seen since then.
Safeguarding children	Last involved with the family 2009, case now closed.

Action planning

The action plan should clearly identify and address the risks and needs identified and be SMART; where appropriate they should include joint working and refer to other multi-agency arrangements.

At the start of each set of minutes or specified in the Marac Operating Protocol it should be noted that all agencies, where safe to do so, 'flag and tag' each Marac case in order to identify repeat cases.
