## About this dataset

This data report forms part of a series of publications from SafeLives' Insights dataset. It contains 500 unique individual cases at intake and 248 matched cases at exit, drawn from 5 sexual violence services which used the SafeLives Insights outcome measurement service between April 2022 and March 2023.

We hope that everyone working to stop domestic abuse will be able to use this data to improve their services so that victims and families get the right help sooner.

# At a glance

**5 services**

**500 cases opened**

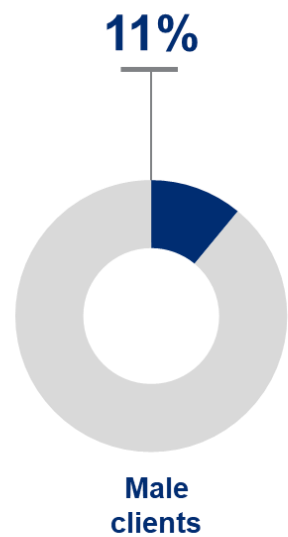

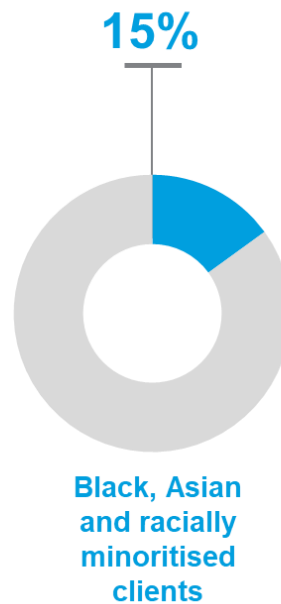

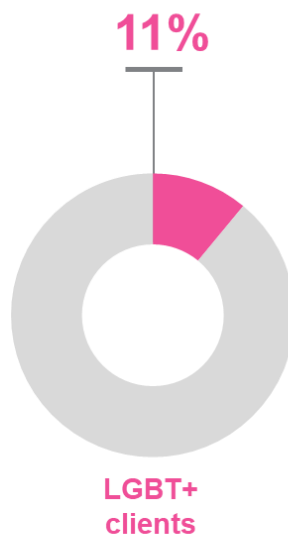

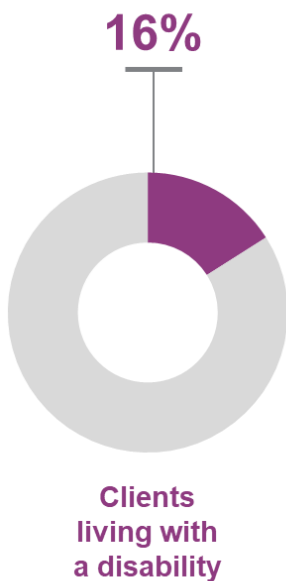

**248 cases closed**

**136 clients supported with criminal justice**

Location of the services in the dataset

## Proportion of clients from diverse client groups

# Sexual Violence Service

If a service were to support 100 people across the year...

## Who are they?

45 will be supported for historic/non-recent abuse

51 will be referred by the Police

74 will be over 18 years old

20 will have a disability

40 adults will have a diagnosed mental health condition

26 will be under 18 years old

## Who else is involved?

95 have a male perpetrator

30 abused by a current or ex-intimate partner

23 will be living with the perpetrator when the abuse occurred

22 abused by a friend or acquaintance

5 will have multiple perpetrators

## What have they experienced?

36 experienced multiple incidents of sexual abuse

10 will also be experiencing domestic abuse

61 subjected to an adult sex offence of rape

5 have had initial contact with perpetrator over internet/social media

6 will have experienced 4+ ACEs

19 will have been abused within the last month

8 had a STI screening

6 had an emergency medical intervention

2 had post-exposure prophylaxis

3 had a pregnancy test (in relation to offence)

# Sexual Violence Service

If a service were to support 100 people across the year...

## What support did they receive?

Numbers below may not match the percentages in the data tables as not all people present with each need

30 direct contacts over a 26 week period

38 will be supported with their mental health

will be supported with their safety

21 will have had a forensic examination with the police

55 will be supported with criminal justice

11 will have had support with liaising with witness care/court processes

57 will have had a NFA police report

11 will have had their perpetrator been found guilty

10 will have had support with preparing for trial

26 will have had support with accessing compensation

## What did they say as they left the service?

The following includes adults only as children are not asked the client reported outcomes section. Numbers below based on those clients who answered each question

50 will have an improved quality of life

45 will be satisfied with the police response

56 will have an improved sense of wellbeing

*“Speaking to ISVA has helped me understand what has happened to me and deal with things that I didnt understand before. I know of my rights more and how to keep myself safe”*

- a survivor

15 will NOT be satisfied with the criminal justice response

48 will feel more confident

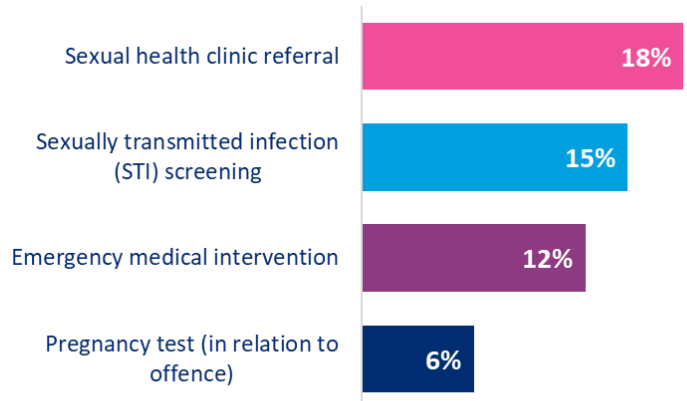

53 will feel safer at home

# Key findings

One in four (26%) clients were **under the age of 18**, consistent with last year

Proportion of clients with actions required at intake:

The results for **52%** of clients supported with criminal justice were police reports with no further action (NFA)

Of clients who received NFA **57%** of cases were due to police withdrawing the case

At exit **90%** of clients had not experienced any further abuse since intake or their last review

## Service inputs

### Cases used in the analysis

Intake forms	500
--------------	-----

In the period April 2022 to March 2023, caseworkers submitted 500 intake forms for clients entering sexual violence services.

These forms contain information about client demographics, and the characteristics of the abuse that clients accessing sexual violence services are experiencing.

For the period April 2021 to March 2022 there were 730 forms submitted and for the period April 2020 to March 2021 there were 654 forms submitted.

Exit forms	248
------------	-----

Caseworkers submitted 248 exit forms for clients leaving sexual violence services for the period April 2022 to March 2023.

These forms were then matched to their corresponding intake form to provide a picture of client outcomes at the point of exit compared to intake. They also contain information about what interventions the client accessed.

Intake dates may occur prior to the period April 2022 to March 2023.

For the period April 2021 to March 2022 there were 623 exit forms submitted and for the period April 2020 to March 2021 there were 429 exit forms submitted.

Criminal justice forms	136
------------------------	-----

Caseworkers supported 136 clients with criminal justice for the period April 2022 to March 2023.

These forms provide information on the outcomes of any criminal justice interventions at exit, as well as support provided by caseworkers during the criminal justice process.

For the period April 2021 to March 2022 there were 431 criminal justice forms submitted and for the period April 2020 to March 2021 there were 218 criminal justice forms submitted.

Referral status	2023		2022	2021
	n=	500	730	654
	Count	%	%	%
New client	438	88%	91%	89%
Repeat to service	50	10%	8%	7%
Continuing case	12	2%	2%	4%
<b>Total</b>	<b>500</b>			

Cases are deemed repeats if the client has returned to the service after their case was previously closed (or made inactive).  
Cases are marked as a 'Continuing case' if the case was transferred to a different team within the same service.

## Client outcomes

### Outcomes and profile of abuse at exit (Information captured at exit, n=248)

The following is an analysis of cases where an exit form was completed during the reporting period. Cases have been matched with their corresponding intake forms, and intake data here relates only to the cases which also have exit data, so will vary from the number of cases in the intake dataset.

	2023		2022	2021
Case status at exit	n=	248	623	429
	Count	%	%	%
Planned closure	184	74%	69%	70%
Unplanned closure	64	26%	31%	30%
<b>Total</b>	<b>248</b>			

	2023		2022	2021
Reason for unplanned closures	n=	64	191	127
	Count	%	%	%
